COURSE OBJECTIVES, CONTENT, AND METHODS

The objectives of this course are:

1. To develop an acquaintance with the learning processes.
2. To apply the principles of learning and instruction in practical teaching experiences.

This course included planning and practical teaching work in effective oral communication; techniques of drill and the use of questions; training aids; language instruction related to the principles of teaching; evaluation of instruction, all based upon the implementation of the principles of learning. Due to the shortness of the course, familiarization only was attempted with the above aspects of teaching.

During this course, the student presented to the class a sample talk and drill session related to his own subject matter area. These presentations were critiqued and rated by his classmates and instructor. About half of the student's course time was spent in practical exercises.
